Dear Mr. Glave:

The City of Hermosa Beach is following up to its email on April 11, 2019 in which it indicated to you that it would respond to your attached Public Records Act request dated February 26, 2019 by April 18, 2019. As mentioned, your PRA request includes 14 separate and individual requests. Due to the broad nature of these requests, the City anticipates that its initial collection of electronic communications would exceed 10,000 pages, many of which would be unresponsive to your request. Such a collection would likely take the City several months to review.

In an effort to provide you with the records that you seek in a more timely manner, the City requests that you limit your requests by providing the City with specific search terms, including custodians, a time frame, and key word terms that you would like the City to ask its IT department to run. It is the City's goal to provide you with the records you seek as efficiently as possible. Once the City has the terms and gathers the records, it will begin producing records to you as it reviews them on a rolling basis.

In the meantime, the City is producing its adopted policies that are responsive to your request, which are attached to this email.

Please feel free to reach out to me at my contact information below to discuss this request further or to provide the City with your requested search terms. The City appreciates your cooperation as it responds to your request.

Sincerely,

Tanesha Hudson

(310) 750-3545 ext. 545
